Date of Birth: February 12, 2002 | Gender: Male

Profile

I am a results-driven technology enthusiast with a passion for creating innovative digital experiences. My background in programming and UX design equips me to tackle complex challenges and deliver solutions that enhance user satisfaction and engagement. I specialize in front-end development with a strong focus on user-centered design.

Experience

Circlebook (Pvt) Ltd | Intern UX Designer & Frontend Developer   **Mar 2025 – Present**

- Developed responsive frontend components using **Tailwind CSS**, **HTML**, and **JavaScript** within the **Laravel** framework
- Designed and prototyped modern user interfaces in **Figma**, aligning with brand and UX goals
- Collaborated closely with backend developers and designers to implement and refine UI/UX solutions
- Contributed to reusable component development and enhanced user interface consistency across the platform

Education

Sri Lanka Institute of Information Technology(Sliit)   **Nov 2022 – Present**
BSc (Hons) in Information Technology

Sri Chandananda Buddhist College, Kandy   **2021**

- **Other Skills:** UX/UI Design, Social Media Marketing, SEO Optimization
- **Soft Skills:** Team Collaboration, Communication, Problem Solving, Time Management, Creativity, Adaptability
- **Languages:** Sinhala, English

Projects

OpenHire Lanka - *Founder & Full-Stack Developer*

React, TypeScript, Tailwind CSS, Next.js, Firebase
Built and launched a platform that connects Sri Lankans with trusted local service providers. Designed and developed the full frontend and backend, including user dashboards, Google login, and Firebase-based data management.

🔗 www.openhire.lk

Wanderers Day - **Travel Agency** - *Frontend Developer (Internship Project @ Circlebook)*

Laravel, Tailwind CSS
A dynamic travel agency platform designed to showcase tour packages and events. I developed the entire frontend using Tailwind CSS within a Laravel framework, creating a seamless user journey through vibrant visuals, responsive layouts, and intuitive booking flows.

Montagna Hotel Website - *Frontend Developer (Internship Project @ Circlebook)*

Laravel, Tailwind CSS
A luxury hotel experience wrapped in clean design and smooth code. I developed the complete frontend using Tailwind CSS and Laravel to ensure elegant scrolling, booking, and responsive design.

Sathe – Google Play Store App - *Personal Project*

React Native
An expense tracking app built to help users manage income and spending with simplicity. Designed for speed, clarity, and mobile usability.

🔗 Google Play Store - sathe

Merge Agency Website - *Personal Project*

React, Next.js, Tailwind CSS
A bold, animated portfolio website for showcasing design and development work under the brand "Merge." Focused on UI/UX clarity, modern animation, and mobile responsiveness.

🔗 www.getmerge.co

UK Cleaning Service Dashboard - *UX Designer (Internship Project @ Circlebook)*

Figma
Redesigned the UI of a management dashboard for a UK-based cleaning service. Prioritized simplicity and usability in visualizing team performance and task tracking.
